### New Signs Designate School as 'Tobacco-Free'

Representatives from the St. Ignace Board of Education and the Strategic Alliance for Health group pose in front of one of the new tobacco-free signs at the St. Ignace Area Schools campus. A more colorful sign has been placed at the entrance to the elementary school. The signs were paid for through the strategic alliance's grant. Pictured Tuesday, November 24, are (from left) Superintendent Mike Springsteen, school board member Mike Grogan, and Donna Norkoli, Mary Pemble-Swidorski, and Jeanette O'Rourke, all representing the Strategic Alliance for Health.

### MacArthur, Wyse, Buskirk Are Engadine Students of Week

Morgan MacArthur, Ben Wyse, and Jeremy Buskirk are the Students of the Week for the week of November 30 at Engadine Consolidated Schools

when she works hard in the classroom, the results show in her achievement. She is a good writer with a talent for using detail to make her point. She is dependable, respectful, and has great leadership potential. Ben Wyse, a seventh grade student, is doing a fine job, his teachers report. Mr. Wyse considers himself to be bold and outspoken. He is a leader in his class and has great potential. He is interested in mechanical engineering. His favorite

class is science. Michigan State is his favorite university. He likes to snowboard and play football. His favorite author is C.S. Lewis. His suggestion for making the school a better place would be to pick up trash both inside and outside the school. He is the son of Tim and Laurie Wyse. The Engadine Elementary School student of the week is Jeremy Buskirk. Mr. Buskirk is the son of Raymond and Lisa Buskirk

of Gould City and is in the fifth grade. Teacher Denise McClelland says he is always very helpful and volunteers to do extra things in the classroom such as pulling down the projector screen or returning the computer cart. He works hard to turn all of his assignments in on time. He works well with others and likes to participate in class discussions. His favorite subject is science. He admires his father, he said, because his dad is teaching him how to play the guitar.
